★ meal prep containers glass generated 93× ROAS on May 19. Add as a standalone Exact keyword in IRONCLAD-Exact-01 immediately — it is currently only caught incidentally by the 'meal prep container glass' target.

## Priority 2 — Move to Exact Match (This Week)

These terms converted in Auto but have no Exact keyword — budget is being wasted on loose/close matching. Add to IRONCLAD-Exact-01, then add each as Negative Exact in IRONCLAD-Auto-01.

| Search Term                         | Found In              | ACoS | Action                  |
|-------------------------------------|-----------------------|------|-------------------------|
| glass containers                    | Auto close-match      | 3.6% | Add Exact → Neg in Auto |
| large glass food storage containers | Auto loose-match      | 1.7% | Add Exact → Neg in Auto |
| glass food containers microwave     | Auto close-match      | 2.2% | Add Exact → Neg in Auto |
| meal prep containers glass          | Auto via Exact target | 2.4% | Add Exact → Neg in Auto |

## Priority 3 — Negative Keywords (Add Today)

### 3A. Irrelevant Terms — Negative in IRONCLAD-Auto-01

| Term            | Match Type      | Spend   | Reason                    |

| containers      | Negative Exact  | A\$0.74 | Too generic               |
| food containers | Negative Exact  | A\$0.92 | Too broad, 0 conversions  |

### 3B. Non-Converting ASIN Substitutes — Remove from Auto

The substitute strategy works (b0d9d25791, b08sjcnkn, b09ydhnr7h all converted at <2% ACoS). These specific ASINs are not converting — remove them from substitutes targeting.

| ASIN       | Clicks | Spend   | Sales   | Action                  |
|------------|--------|---------|---------|-------------------------|
| b0f53ln66s | 2      | A\$1.42 | A\$0.00 | Remove from substitutes |

| b0fr4d5lbr | 1      | A\$1.23 | A\$0.00 | Remove from substitutes |

### 3C. Cross-Campaign Isolation — Add as Negative Exact in IRONCLAD-Auto-01

Auto is double-serving on terms already in your Exact campaign, splitting attribution and wasting budget. Add each of these as Negative Exact in IRONCLAD-Auto-01:

| Term                            | Match Type     | Why                                    |
|---------------------------------|----------------|----------------------------------------|
| glass food storage containers   | Negative Exact | Already in Exact — stop Auto competing |
| meal prep container glass       | Negative Exact | Already in Exact — stop Auto competing |
| glass meal prep containers      | Negative Exact | Already in Exact — stop Auto competing |
| borosilicate glass containers   | Negative Exact | Already in Exact — stop Auto competing |
| glass food containers with lids | Negative Exact | Already in Exact — stop Auto competing |
